Program Options

Cargo Legal Liability

This coverage protects against liability incurred when issuing a domestic bill of lading, airway bill or NVOCC bill of lading. It is also known as freight liability insurance.

Errors & Omissions

Similar to professional liability insurance, this coverage provides protection for you and your staff if your mistakes result in client losses or damages.

Warehouse Legal Liability

This policy covers your legal defense and settlement costs, up to policy limits, if a customer's goods are damaged while under your care, custody and control. If you issue warehouse receipts, we highly recommend this policy.

Warehouse Bailee

Warehouse Bailee coverage protects goods in storage against physical loss or damage while in the warehouseman's care, custody and control, in case a warehouse receipt hadn't been issued.

Bond Indemnity

We can assist with bonds and surety arrangements if they are required in the course of your business.
